THINK ABOUT IT

Assisted Suicide and Euthanasia. Euthanasia means killing someone - such as by a lethal injection to end his or her suffering. Physician-assisted suicide means a doctor provides the means for someone to kill oneself (prescribing a lethal dose of medication). The distinction lies in who initiates the process - the doctor or the patient.

THINK ABOUT IT

Physicians and other health care staff have a basic human right to conscientiously object to hastening a patient's death through assisted suicide or euthanasia and should never be forced to do so.

WORDS FROM ST. JOHN VIANNEY

"We are each of us like a small mirror in which God searches for His reflection."
