MIKKIE'S CORNER - Health & Nutrition

Do the things you don't like, then you can do what you love.

Continued from last week my client that in general did exercise and his diet wasn't too terribly bad, but had room for improvement as he had to be especially diligent with having a family history of cholesterol and heart disease. In fact he had 4 cousins die in their 40's from heart attacks and his mother and father having had heart attacks themselves in their 50's but thankfully lived. So you can imagine his concern and mine. I really wanted him to be serious with what the changes I was going to give him, dietary and exercise wise.

I got him to do 1 day of weight training about 30 minutes with a 30 minute walk in the morning, the next day was still the walk in the morning and later a run for 20 minutes and over the weeks he would continue that run but do some sprints within that same 20 minutes of his run (there is some importance here to this)...to be continued

Grief to Grace Reminder:

Grief to Grace is a four to five day psychological and spiritual journey providing safety and support for anyone who has suffered degradation or violation through physical, emotional, or sexual abuse or neglect. It is appropriate for those who have endured rape, incest, or other forms or traumatic violation in childhood, adolescences, or as an adult. It is also suitable for those who have suffered abuse by a member of the clergy. This model of care provides therapy for the soul. The program is designed to help you experience the love and support of the suffering body of Christ as you journey through the Pascal mystery of your own life.

This effective healing process combines Living Scripture with journaling, group activity and discussion, therapeutic facilitation, cognitive restructuring and grief work. It is a pilgrimage to discover the love, tenderness, belonging, safety, joy and peace that are often missing from the stories of abuse victims.

Our next program will be held on **April 19-22, 2018**, at Seton House of Prayer.
